MODERN TREND TO MORE WINDOWS PUTS STRESS ON QUALITY

A radial bay of casement windows so popular today.

An angle bay popular for breakfast rooms.

A multiple bank of double hung windows, often used at the end of the living room.

Windows and More Windows Is Trend in New Homes Today

No matter how you look at windows you're going to see more and more of them in new homes. Light, airy rooms mean just one thing—more windows—and that is definitely the trend in home construction today.

And the more windows you have in your new home, the more you've got to watch quality construction in the windows you buy. Windows can add much to the enjoyment of your new home if they're good windows, and if they're poor ones, they'll add plenty of headaches.

Window "Pains" Gone

Rattling, sticking, leaking windows are a thing of the past with the complete factory fitted window units as manufactured today. Maybe that is why architects and contractors the country over are favoring more windows because, at last, the "pain" has been taken out of them.

New Features

Such features as inside double glazing, screens that are removed from the inside, condensation controls, and hinges that allow both sides of the glass to be washed from the inside are part of modern casement windows today. Similar improvements have been made in the popular double hung windows. Double action weatherstrip, noiseless pulleys, and flat weights that allow for narrow modern lines are a few of the outstanding innovations.

MICAH'S VISION OF PEACE

LESSON TEXT—Micah 4:1-3; 5:2-5a.
GOLDEN TEXT—And they shall beat their swords into plowshares, and their spears into pruninghooks: nation shall not lift up a sword against nation, neither shall they learn war any more.—Micah 4:3.

Peace on earth! Why, that is hardly more than a phrase which we recall at Christmastime as we think of the song of the angels. Yet now is the time to assure people that there will be peace on earth. Peacemakers who are now silent were striving to bring in a manmade peace, following a will-o'-the-wisp. Let us tell men about the real peace which will come when the Prince of Peace sets up His kingdom. Let us urge upon them the glad acceptance of His personal salvation in their hearts that they may even now know peace within.

Micah warned Judah that their rejection of God and His love would bring them sorrow and judgment. In the midst of his warnings, however, he breaks forth into a glowing prophecy of the glory that is to come during the reign of the Messiah, the Prince of Peace.

I. The Foundation of Peace—God's Word (4:1, 2).

Vainly do men labor to bring about a lasting peace built upon the words of men, for the moment there seems to be gain in repudiating promises given in the greatest of solemnity, they become mere scraps of paper. There is no security in such words, nor in the guns and battleships used to support or to break them.

God's Word, the teaching of His law, walking in His paths—here is the foundation for real peace. Micah speaks of the time "in the last days" when the people of the earth shall go up to God's house to hear His Word and to learn to walk in His ways. To that blessed and holy day we look forward with anticipation and joy even as we now bring men the message of Christ's redemption and His peace.

II. The Prince of Peace—Jesus Christ (4:3-5).

This beautiful portion of God's Word (and such parallel passages as Isa. 2:1-5; 11:1-12) gathers together the longing and hopes of peace-loving men of every age. Perfect justice, the end of all wars, prosperity for peaceful pursuits, boys no longer learning warfare, complete social security, universal worship of God—what a thrilling promise!

Will it ever come true? Yes. When? In the "latter days" (v. 1, R. V.). Who has made such a promise? God Himself. Who will bring it about? God's Son, the Prince of Peace, who will come to "judge between many people."

Why will men be so blind to the "sure word of prophecy; whereunto ye do well that ye take heed, as unto a light that shineth in a dark place" (II Pet. 1:19)? Why will we reject Him who is "the day star" (II Pet. 1:19; Rev. 22:16) and who is even now ready to "arise in your hearts"?

III. His Coming—As Saviour (5: 2, 3).

This remarkable Messianic prophecy gave more than 700 years before the birth of Christ the exact place of His birth, so closely identified as to make both the prophecy and its fulfillment a testimony to the inspiration of the Bible. Note that this was the passage with which the priests and scribes answered the question of Herod (Matt. 2:1, 4-6) regarding the place where the Messiah was to be born.

Thus the coming ruler of Israel, the Judge of all peoples, the Prince of Peace, is none other than the Lord Jesus who was born into this world as the Babe of Bethlehem, "a Saviour . . . Christ the Lord" (Luke 2:11). Israel rejected Him and He had to "give them up" (v. 3), but the time will come when they shall see Him as their King.

IV. His Reign—As King (5:4, 5a).

"This man shall be our peace" (v. 5, R. V.). He it is who "shall be great unto the ends of the earth" (v. 4); and that can be said of no man in all history except of Him of whom we sing,

Jesus shall reign where'er the sun
Does his successive journeys run;
His kingdom stretch from shore to shore
Till moons shall wax and wane no more.
—Isaac Watts.

His shall not be the reign of a despot, for we read that "He shall feed his flock in the strength of Jehovah" (v. 4, R. V.). His enemies and the enemies of God the Father must be put down, but His people will find Him to be the tender "good shepherd" who "giveth his life for the sheep" (John 10: 11). He is that now to every believer. Sinner, why not take Him now as your Saviour, your Good Shepherd, and join with His people in looking for His coming as King?

Opposition Helps

Efforts against the truth sometimes help its progress; the zeal and the guard only make it more clear that the Savior rose from the dead. —Broadus.

Junior League Horse Show April 26 & 27

On April 26 and 27, the tenth annual Lynchburg horse show will be held in the new 4-H stadium. This stadium, which cost approximately a quarter of a million dollars, is considered by those who have seen it, to be one of the most beautiful settings for a horse show anywhere in the South. Its seating capacity is so large and so well arranged that every ticket holder is assured of a good seat.

This horse show originated with a handful of local entries. It is now one of the leading horse shows of the state. Last year there were about four hundred and fifty entries, among which were outstanding hunters and jumpers and gaited saddle horses from several different states.

The committee promises this year one of the most varied and well-balanced programs of any show in the state with never a dull moment for the spectators.

Luncheons of various kinds as well as dinner entertainments will be sold on the grounds as popular prices by members of Lynchburg's Junior League. The show is sponsored by the League and every cent of profit goes to the support of its crippled childrens' clinic. This clinic, which only cares for county children, annually gives free treatment to hundreds of children from Appomattox county, and the other counties in the vicinity of Lynchburg.

The management of the show extends a cordial invitation to every resident of Appomattox county to visit Lynchburg on the 26 and 27 of April and enjoy an old fashioned horse show and get-together.

CHEVROLET'S Exclusive VACUUM-POWER SHIFT

-easiest of all gearshifts to operate...
80% Automatic—Only 20% Driver Effort!

because **ITS ACTION IS EASIEST!**

Tests prove Chevrolet's to be the easiest steering column gearshift to operate. Compared with the two cars next in sales, Chevrolet requires only 2.8 ft.-lbs. of effort for a cycle of shifts, against 8.5 for Car B and 14.8 for Car C.

because **ITS LEVER AND ITS "THROW" ARE SHORTER**

Because Chevrolet's gearshift is operated by vacuum, it requires less leverage. The lever and its travel or "throw" are the shortest, and that means the quickest shift. *Length of Throw:* Chevrolet, 4¼"; Car B, 7½"; Car C, 10⅝".

because **IT'S EFFORTLESS IN TRAFFIC**

Stop and Go—Red and Green—Halt! Start! That's traffic. And *that's* where Chevrolet's easy shifting is appreciated. Vacuum does 80% of the work; only 20% is done by the driver. No tugging, no shoving!
